# Welcome

The 2024 Camp Director's Guide is a resource to assist you with properly preparing for camp and running a successful Trading Post operation.

This guide is to assist the Scouting Professionals who plan, organize, and operate council camps. It contains the latest information on camp capital equipment, camp supplies, and merchandise to sell at camp trading posts.

## We continue to make it easier for you online!

We have provided an electronic version of the worksheet online at [distributor.scoutshop.org/customer/account/login](https://distributor.scoutshop.org/customer/account/login).

If not ordering online, you can email the e-forms to place your camp orders or reorders. Send emails to: [NDCSupply.Orders@scouting.org](mailto:NDCSupply.Orders@scouting.org)

To help you plan your Trading Post with top selling items, we have developed Trading Post in a Box. The order form is available for download at: [distributor.scoutshop.org/b2b/tradingpostbox](https://distributor.scoutshop.org/b2b/tradingpostbox)

## Call 800-323-0736

Our Customer Service team is only a phone call away and is available to you Monday thru Friday, from 8:00am to 7:00pm EST. If we can help in any way, don't hesitate to call us. We look forward to working with you to help with your most successful camp session ever.

*Dan Barnes*  
Director of Sales

For 2024 our Supply Group sales operations team continues to provide ways to assist local councils with improved service delivery and easy product selection programs. Trading Post In-A-Box is one such program that is designed to simplify ordering, while also providing a core product mix of proven winners to help grow your Trading Post sales. In addition, our Specialty Products team continues to improve and is in place to assist local councils with “council specific” products (i.e. T-shirts, Shirts, Hydration, Belts, etc.) for your Camp Trading Posts and Council Scout Shops. These changes are all designed to better serve your council’s needs and to also improve the overall income from your council and camp operations.

**While camps are in operation, our customer service staff at the National Distribution Center (800-323-0736), will treat any camp order (or reorder) as a top priority.**

## Instructions for 2024 Camp Director's

### Guide and Worksheet

Ordering is fast and easy with this handy format:

[distributor.scoutshop.org/b2b-docs](http://distributor.scoutshop.org/b2b-docs)

- Products are organized into categories.
- Product features and illustrations are on each page.
- At the end of each category is a listing of the products described earlier, along with prices for each product.
- To order, simply fill in the quantity next to the product you want and fill in the total amount. Then email the completed order form to [NDCSupply.Orders@scouting.org](mailto:NDCSupply.Orders@scouting.org).

## Ordering Information

This special catalog and worksheet/price list is provided to assist you in ordering your camp merchandise. It contains confidential council prices and suggested retail prices. It is not intended for over-the-counter sales at the council service center or camp trading post.

Complete all information on the worksheet to avoid delivery delays. It is important to include any special delivery instructions and the shipping address when sending your order. Make sure to include the shipping address, the date of the request, and the delivery window. The delivery window will need to include the earliest and latest dates the delivery can be received. This is necessary to insure your delivery arrives when you need it.

Prices are subject to change without notice. This worksheet price list includes council and suggested retail prices.

- Unless otherwise noted, all merchandise is shipped FOB Charlotte, North Carolina.
- Merchandise shipped FOB manufacturing points other than Charlotte, North Carolina is not returnable.
- Allow 3 weeks for delivery.
- Prices effective January 1, 2024, and subject to change without notice.

## Shipping and Receiving

- When you accept delivery, be sure to inspect all merchandise before signing the driver’s receipt. Make sure you accept only pieces you have ordered. Retain your copy of the driver’s receipt.
- Contact the BSA credits and adjustments department at 800-323-0736 for shortages and damaged merchandise in your shipment.

# Camp Merchandise Return Privilege

All qualified camp returns MUST be sent to the National Distribution Center. No camp returns are authorized to be returned through a National Scout Shop. Councils must have written authorization from the National Supply Group in Charlotte, North Carolina before returning any merchandise. To obtain this authorization, councils must submit to the National Distribution Center an RMA request form (available from Customer Service). This form must be filled out by customer to include, order number, order date, catalog number, quantity, and description of the merchandise to be returned and reason for the return request. Upon review and approval, a (RA) return authorization number and label will be sent to you for merchandise that is authorized to return.

Only new and resellable (no open packages, no price labels attached, purchased within the last 90 days) can be returned. Merchandise that is not new and resellable or needs reconditioning will be disposed of with no credit being issued to the Council. Please review your return merchandise carefully before returning.

**The normal 25% restocking/handling fee will be applied to all merchandise returned to the NDC.**

*NOTE: No returns allowed on factory order items, specialty products or custom designed items. Discontinued/Clearance merchandise cannot be returned.*

## Shipping Camp Returns to the National Distribution Center

All camp returns sent back to the National Distribution Center in Charlotte, North Carolina are to be shipped prepaid using the carrier of your choice. Do not charge the National Distribution Center for your shipping charges.

# Wall Tent Care

Minimal care is all that it takes to have your wall tent last for many seasons. Following these simple steps will maintain the quality and performance of your tent year after year.

## Care & Maintenance

To ensure the durability and appearance of your new tent, please follow these simple steps:

- Roll flaps and walls to the inside of tent to avoid the collection of water in the folds.
- Keep your tent clean to protect against mildew (see cleaning instruction below).
- Tighten all tent lines. Not so tight that it puts strain on the grommets and touch points, and not so loose that the tent flaps in the wind.
- Promptly repair all tears to avoid further extensive damage.
- Hose down your tent with clean water and dish detergent at least once a month per the cleaning instructions below.
- Completely dry the tent before storage.
- Store away from direct sunlight and moisture. Extended exposure from UV rays and moisture will damage the fabric over time.
- Mice and other rodents may eat this fabric. Take steps to safely repel mice.

## Seasoning Instructions

Prior to camp use it is important to season your tents to improve its waterproofing capabilities. Start by wetting down your tent and then let it dry completely. Repeat this process at least twice before use. It's necessary that the seasoning process occurs while the tent is on the frame.

The seasoning process will take 1 or 2 days depending on outside temperature and humidity.

## Cleaning Instructions

Clean the surface of your tent frequently to remove the buildup of any dirt, mildew or debris that can stain or alter the finish. Cleaning is also recommended prior to storage, as well as at the beginning and ending of each camp season.

To keep your tent in top condition, we recommend the following:

- Mix one half (1/2) cup of liquid dish detergent with one (1) gallon of lukewarm water. Do not use harsh chemicals or cleaners that could damage the coating and finish on the tent.
- Use a soft brush to clean.
- Rinse thoroughly.
- Dry tent completely before storage or assembly.

***Have a wonderful camp season!***
