In his invitation to Scouts across the country to attend the first-ever National Jamboree in 1937, President Franklin D. Roosevelt said the idea of 30,000-plus youth camping in one spot “stirs my imagination,” and would be an event “long to be remembered.”

The 2017 National Jamboree — which will be held this summer, 80 years after that first gathering — will be no different. And you’ll be there to see it all, firsthand.

Unlike that first jamboree, however, the 19th edition of Scouting’s premiere celebration will be held at the Summit Bechtel Family National Scout Reserve, which features more than 14,000 acres of excitement and once-in-a-lifetime experiences that will help you “Live Scouting’s Adventure.”

From one of the longest zip line courses in North America, to world-class skating and BMX offerings, treetop canopy tours, rock climbing, patch trading, stadium shows, and more, you’ll have the chance to fill your days with all that Scouting has to offer.

And to make sure you’ll do it all in style and comfort, the following pages are filled with a range of gear that is up to the challenge. Plus, we’re offering a great selection of jamboree gifts and souvenirs that will serve as a reminder of the great times you had and the friends you made.

Please take a look, and be sure to share this catalog with your friends and family. I’ll see you this summer in the mountains of West Virginia!

Yours in Scouting,
Mike Surbaugh
Chief Scout Executive

**DID YA KNOW?**

Your first smart choice is in the bag. When you find the right lightweight design, your sleeping bag becomes a comfort solution—whether you’re carrying it or snoring in it. These four options are perfect for the night-time temperatures at The Summit that average in the 50º range in July. And if you really want to use your zzzz-time wisely, trade a little pack space for some big comfort extras: opt for a travel pillow and sleep pad.

DID YA KNOW?

Ambient water temperature in the mountains of West Virginia can be "less than warm." That’s why you’ll appreciate packing your own Sun Shower, shown to the left.

Compact, easy-to-stow Sun Shower design uses the power of the sun to heat up to 2.5 gallons of water and includes a high-impact ABS shower head with adjustable flow control.

Add a couple of the Personal Towels and you’re shower-ready!
